# EVOKE-2

Mains and Battery powered DAB Digital and FM Radio

Using the latest DAB technology, EVOKE-2 brings you crystal clear digital radio with no hiss, crackle or fade. EVOKE-2 offers you more stations than ever before with the wide range of national, local and unique-to-digital DAB stations plus FM for local stations that haven't yet adopted DAB.

Brought to you by PURE, the world's leading manufacturer of DAB digital radios, EVOKE-2 is a stylish stereo radio featuring DAB scrolling text that shows song titles, artists names, news, sports results and more. EVOKE-2 is tuned at the touch of a button and there's no need to remember DAB station frequencies, just scroll through a list of station names. You can even choose to list your favourite stations first.

With up to 10 hours battery life, EVOKE-2 sounds great in the kitchen, lounge or study and can be disconnected from the mains for trips to the garden, workshop or bathroom.

## Ease of Use

Select DAB stations by name not frequency. Scrolling text shows programme content. One touch autotune. Six DAB and six FM presets. Battery operation for short-term disconnection from the mains.

## Sound Quality

High-quality, interference-free DAB digital audio. Tone control allows you to fine-tune the output.

## Choice

Choose from up to 55 DAB stations, plus your favourite local FM stations. DAB stations include BBC Radios 1-4, 5 Live, 5 Live Sports Extra, Classic FM, local and unique-to-digital stations such as BBC 6 Music, BBC 7, BBC 1Xtra, Oneworld, Planet Rock and Passion for the Planet.

## Acclaim for EVOKE-2

"With its stylish and appealing sound quality, the PURE EVOKE-2 stands out here."

**Motor Caravan**  
May, 2004

"As far as we're concerned the EVOKE-2 is the icing on the cake... It's the best all in one portable around."

**T3**

August, 2003

**Best Buy - 30 Things You Must Own**

"I think its wonderful"

**Lynette Coupland,**  
Bridgend

"...lets you tune into the whole wealth of crackle-free digital stations... if you're fed up with pushing buttons and long for the days of twiddling knobs, you'll love this."

**The Sun**

July 4, 2003

"Best thing I've ever bought"

**Brian Williams,**  
Wakefield

"you can buy this stylish wood finished product with confidence."

**Mail On Sunday**

October 5, 2003

"Handsomely superb, I love it"

**Lesley Griffiths, Spalding**

## CRYSTAL-CLEAR DAB SOUND

The Digital Audio Broadcast (DAB) transmission standard provides high-quality, interference-free digital audio without hiss, crackle or fade. DAB receivers offer a more robust reception technology, providing crystal clear reception in the vast majority of cases.

## FAMILIAR FM FUNCTIONALITY

Includes fast station seek facility, ability to store up to six presets and frequency display.

## WIDE VARIETY AND CHOICE OF STATIONS

Receives DAB and FM stations. UK national radio services broadcast digitally include BBC Radios 1-4, BBC Radio 5 Live, BBC Radio 5 Live Sports Extra, Classic FM, talkSPORT and Virgin Radio. In some areas as many as 55 digital radio stations are available including local stations such as Heart 106.2, Jazz FM, Capital Radio and unique-to-digital stations such as BBC 6 Music, BBC 1Xtra, BBC 7, BBC Asian Network, Oneworld and Planet Rock.

## EASY TO USE

Easy-to-use one touch autotune facility locks-on to all available DAB stations, automatically selecting the strongest regional transmitter. Choose DAB stations by name and list them either alphabetically or by favourite/most listened to.

## GREAT NEW FEATURES

EVOKE-2 offers a host of great features such as advanced selectable station ordering and scrolling text display showing additional data supplied by the broadcaster such as song titles, artists' names, programme descriptions, news headlines, sports results and more.

## HIGH PERFORMANCE

Three levels of DAB Dynamic Range Control (DRC) enable you to adjust dynamic range, useful in a noisy environment or when listening at low volume to programmes with very loud or very quiet parts. EVOKE-2 also has a built-in reflex port for enhanced bass performance.

## GREAT CONNECTIVITY

Includes headphone socket. Optical DAB digital out and line out for playback through your hi-fi or connection to a MiniDisc or other recording device.

## TECHNICAL SPECIFICATIONS

Stereo DAB digital and FM radio with full Band III reception for all UK DAB broadcasts. ETS 300 401 compliant and capable of decoding all DAB transmission modes 1-4 up to and including 192 kb/sec.
