245918

Stylishly simple-to-use with one-button-control and featuring five dedicated preset buttons to instantly tune in to your favourite stations, the Pop Midi is the compact contemporary choice for the modern home.

Colour

PRODUCT DETAILS

Pop Midi is the mid-sized member of our new Pop family of DAB digital and FM radios. The five dedicated preset buttons make it easy to tune in to your favourite radio station. Features two alarms, a kitchen timer and an input for your iPod/MP3 player.

As the mid-sized member of our new Pop family, Pop Midi is ideal for anywhere in your home. Measuring only 17cm high, 9cm wide and 10cm deep, Pop Midi is perfect for most bedside tables or kitchen worktops. Just like our other recent digital radios, Pop Midi is Digital-Tick-approved so you can rest assured that you're ready for any future FM to Digital Radio switchover. Features a highly visible clock, two alarms, kitchen timer, auxiliary input and DAB digital and FM radio. For portable listening, Pop Midi takes an optional eco-friendly ChargePAK D1 or the option to use regular AA alkaline batteries.

Straightforward

Pop Midi is the perfect straightforward, no-nonsense digital radio. Simply push down the big button on the top of the radio to switch Pop Midi on and turn to adjust the volume. Finding and storing your favourite radio stations couldn't be more convenient with simple tuning controls and dedicated preset buttons. Listening to your favourite song on an iPod is straightforward too - simply connect your iPod to the auxiliary input and select your favourite track.

Looks Good, Sounds Great

Pop Midi doesn't just look good. Like all our other Pure digital radio's, Pop Midi has been engineered to ensure the best possible audio quality, so it sounds great too.

Compact for Portable Listening

Pop Midi's compact size makes it really convenient to listen to your favourite radio show wherever you want, whether that's the kitchen, study or bedroom. With the option to fit a ChargePAK D1 rechargeable battery pack or regular AA alkaline batteries, you can also listen to your favourite radio station in the garden or take it with you on holiday.

Switch to Digital Radio

DAB digital radio brings you high-detail digital-quality sound and lots of stations (many exclusive to digital). The large, clear displays on our DAB digital radios let you find out more about the station you are listening to, including the title of a track, the name of the radio show and much more. Digital radios automatically find all your available stations and let you select them by name, and there's also FM reception for any stations that have not yet gone digital.

What's in the box?

- Pop Midi
- Power supply
- Quickstart guide
- Safety information sheet
- Warranty card
